

The world's easiest eLearning authoring tool.

eLearning That Goes Beyond Text and Graphics

LodeStar™ is the world's *easiest* eLearning authoring tool. With LodeStar, you don't need to be a programmer. Choose from a wide variety of templates, add your own content, and export to the web or your online course. It's that easy.

LodeStar™ is a wizard that allows instructors to quickly add presentations, timelines, puzzles, games, webquests, slideshows, animations, and other interactive content to Class Server, Desire2Learn, Blackboard, WebCT and other learning systems.

Key features:

- ✓ Integrates with eFolioWorld Portfolio
- ✓ Unmatched Equella integration
- ✓ Publish to Adobe Digital Editions eBook format
- ✓ Accessibility enabled
- ✓ Works with D2L, Moodle, Blackboard, Microsoft SharePoint Learning Kit and most other learning management systems
- ✓ Creative Commons

Instructors all over the world love LodeStar!

"I've developed new games to help students review content, and can't wait until the students can try them. Thanks for creating such an effective tool for educators."

Carla Weigel, Child Development Careers Faculty, M.Ed., Hennepin Technical College

"LodeStar has been a wonderful tool for the creation and implementation of learning resource modules."

Jason Selchert, Superintendent, Gayville-Volin School District

"I love LodeStar. I dare say that I've become a LodeStar junkie."

Andy Hannaford, Manager of ConnectEd Online Learning
